Solid Waste I.D. No. 64-10

Enforcement staff conducted a record review on August 8, 2019 and a reinspection was conducted at your facility on June 4, 2019. IDEM has determined that ArcelorMittal Burns Harbor has achieved compliance with the terms of the Violation Letter issued to you on February 26, 2019.

Thank you for your cooperation. If you have any questions concerning this matter, please contact Jennifer Reno at (317) 234-8243 or jreno@idem.in.gov.

IDEM strongly encourages the use of pollution prevention techniques to reduce pollution emitted to the environment, and to conserve resources such as water and energy. Implementation of such techniques can decrease manufacturing costs/overhead, increase worker safety, and perhaps lessen the impact of environmental regulations upon your operation. For more information on pollution prevention, call IDEM's Office of Pollution Prevention and Technical Assistance at 800/988-7901 or visit www.in.gov/idem/prevention.

Sincerely,

Linda L. McClure, Section Chief
